COURT OVERVIEW

SERIES S - THE ISABELLA

EVERYTHING YOU NEED TO KNOW

Unmatched Panoramic Views Make This Court the Showpiece of Your Club:

Absolute Padel redefines the panoramic court, elevating what is traditionally the flagship product for most European manufacturers to a whole new level of innovation. Our design philosophy is simple: transcend the conventional and deliver unmatched excellence.

The Isabella, our take on the panoramic court, sets new benchmarks in durability and strength thanks to its high-strength, domestically-sourced steel structure—a hallmark that only Absolute Padel offers. With wind load ratings surpassing any other panoramic court on the market, the Isabella isn't just built to stand; it's engineered to last, and we've got the stats to back it up.

But strength isn't the only virtue of the Isabella. This court is a fully customizable marvel, designed to not just meet but accentuate your club's identity. Spotlight your club's brand and logo, tailored precisely to your specifications, making the Isabella not only your showcase court but also a striking emblem of your club's prestige.

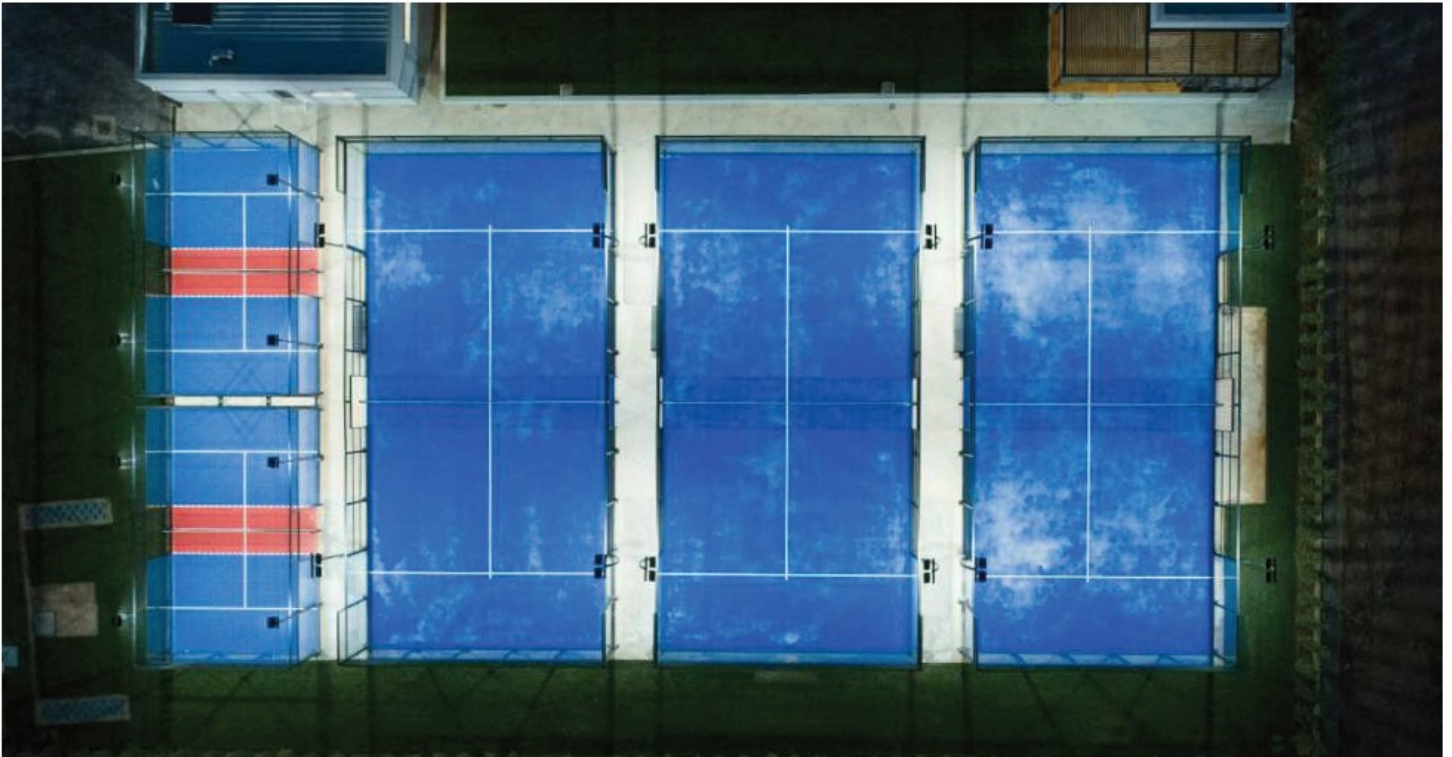

Choose the Absolute Padel Isabella as the centerpiece of your club. It's more than just a panoramic court—it's a statement of quality and a beacon of innovation in the world of padel. Make it the heart of your venue and watch as it transforms not just spaces, but also the experiences of everyone who steps onto its surface.

The Best Materials Make the Best Court

- **Pumping Iron:** Meet the F350 Super Duty of padel courts. The Martita boasts a formidable 40% more steel than similar models from our competitors, setting a new standard for robustness.
- **Set It and Forget It:** Our advanced Superflex Powder Coat resists chipping and cracking, slashing your maintenance time and letting you focus on the game, not the upkeep.
- **Precision Fit:** Tailored with English Imperial measurements, the Martita slots seamlessly into your existing setup—no complicated metric conversions needed.
- **Personal Touch:** Customize your court with an array of color choices, dynamic lighting, and personalized signage. Make the Martita a true reflection of your club's identity.
- **Unyielding Strength:** Equipped with hefty 3×3 pillars and half-inch glass, the Martita stands resilient against the toughest winds in the industry.
- **Superior Build:** Forged from solid 1/8" wall steel across all structural components, our courts shun the weak for the mighty
- **Enduring Quality:** Constructed with high-grade stainless steel fasteners, the Martita resists rust and wear, even in coastal conditions.
- **Supreme Surface:** Our AP Super Turf not only lasts longer and requires minimal upkeep but also smooths out seams that could disrupt play.
- **Versatile Play:** Adapt the court for multisport use or Pickleball—customize your sporting experience to match your community's needs.
- **Visionary Clarity:** The AP HighTemp Structural Glass used in the Martita is the clearest, most durable on the market—crafted right here in the USA for unbeatable quality.
- **Perfectly Lit:** Our lighting systems are meticulously balanced to ensure ideal illumination that enhances visibility without encroaching beyond the court.
- **Support You Can Trust:** Our local installation team ensures your Martita court is set up perfectly from the get-go and maintained to the highest standards, year after year.

Transform your space with the Martita—a court not merely built, but engineered to be the backbone of your venue.

If You Want the **ABSOLUTE** Most Beautiful Court Available, This is it.

At Absolute Padel, we see each padel court not just as a venue for sport, but as a masterpiece of design. True, the dimensions must be precise, but the real artistry is in how we craft each element—from the resilient mesh to the pristine glass—making every detail count.

Our designers and engineers are passionate about mirroring the elegance and energy of padel itself, creating spaces that are as chic as they are strong. Enter the Isabella: a testament to our philosophy that no compromise is necessary. Visibility doesn't diminish strength, nor does aesthetic appeal detract from durability. The Isabella offers the ultimate harmony of form and function.
